## **OBJECTIVE**

High performing sales professional with 10 years experience in Information Technology. Extensive outside and inside sales experience with proven ability to manage and grow customer relationships/expand customer base, specifically "white space" accounts. Consultative selling approach with a "hyper-focus" on customer needs & business requirements. Seeking to leverage my strong communication skills, strategic mindset, and industry expertise to drive revenue growth and client satisfaction in a dynamic sales environment. Eager to contribute to a forward-thinking company where I can utilize my experience to drive business success and foster mutually beneficial partnerships.
